

MONTE CARLO Formula 1 GRAND PRIX

Green Screen Photo Studio

Much more than just a photo booth, our imaging technology can transport you anywhere in the world or transform you into a favourite character or super hero.

A fantastic way to entertain guests and give them an event souvenir, your guests are photographed in front of a green background. We then replace the background with your selected scene and place an overlay on the photo with your event details and printed and framed within minutes onsite!

Fit up to 16 Guests in One Photo!!

All images can be customized to suit your event and can also include branding
